

December 3, 2010

Ms. Hanny Toxopeus
Chief Executive Officer
Association of Professional Executives of the Public Service of Canada

Dear Ms. Toxopeus,

Hanny

I would like to take this opportunity to thank you and Drs. Corneil and Lemyre for your joint presentation on November 19, 2010 to the Advisory Committee on Senior Level Retention and Compensation. The Committee and public service participants present found your research on the cost and nature of executive health issues to be informative and comprehensive.

As you know, the Committee has further requested your recommendations on concrete ways in which the Employer can positively promote the health of executives in the workplace. On behalf of the Committee, I would appreciate receiving an advance copy of these recommendations in preparation for their upcoming meeting in February.

Thank you once again for your presentation and all your efforts on behalf of executives.

Sincerely,

Yazmine Laroche

Yazmine Laroche
